University of Peradeniya

Dear Sir/Madam

INVITATION TO PARTICIPATE IN SLT-MOBITEL'S
'TechNovation'

As the National ICT Solutions Provider, SLT-MOBITEL is committed to empowering the young talents in Sri Lanka. We firmly believe that providing the right opportunities for students to engage with real-world problems can contribute to building a generation of innovators who will drive the nation's progress through the power of technology.

In light of this, as part of SLT-MOBITEL's pledge towards environmental, social, and governance (ESG) initiatives devised under our Co-connection philosophy, the group has introduced TechNovation, an ESG led Initiative to focus on addressing nationally pressing issues and to bring sustainable solutions through the power of technology.

SLT-MOBITEL is pleased to invite your institution to participate in this upcoming TechNovation ESG initiative. The event presents a unique opportunity for students to learn, grow and inspire the future generation by unleashing their creativity, and address pressing national-level challenges through the power of technology.

Students will have the chance to develop sustainable innovative solutions in the following areas:

1. eWaste Management
2. Marine Conservation
3. Human-Elephant Conflict Mitigation
4. Open idea to address a community problem (Differently abled communities)

Participants will benefit from:

- Monetary prizes for winning teams up to Rs. 500,000.
- Mentorship from an elite panel of judges comprising industry experts and thought leaders
- Exposure to cutting-edge technologies and methodologies
- Networking opportunities with peers and professionals in the tech industry
- In addition to Monetary awards, winning projects will receive funding up to Rs. 500,000 for the implementation of the project. The project is expected to be completed within 3 months.

For more information, please contact 070-675 2244 or email to technovation@mobitel.lk Proposal submission will close on 31st December 2024, Let us work together to inspire the next generation of innovators and contribute to Sri Lanka's digital future.

Warm Regards,
SLT-MOBITEL
